YOUR PARTNERS IN SAFETY...

Saf-T-Gard International, Inc. has a rich history of bringing workers home safely since 1936. Remaining privately-held and family-owned and operated, Saf-T-Gard's legacy spans from being small enough to still care and big enough to get the job done for companies ranging from 10-person welding shops to companies with 100,000+ employees to the U.S. Government.

In addition to offering tens of thousands of products covering the full range of personal protective equipment and facility safety from the world's leading manufacturers, Saf-T-Gard is dedicated to serving industries where worker safety and protection from electrical shock are critically important. Our **Voltgard® Test Lab** is the largest, independent, NAIL4PET accredited test lab in the U.S. and performs full-service testing and recertification for 12 different categories of new or in-service rubber insulating electrical safety equipment.

Following are more reasons customers enjoy doing business with us:

- **Expertise** – Saf-T-Gard team members continually update their product knowledge, and many are **Qualified Safety Sales Professional (QSSP)** certified and/or **SEE Accredited Safety Equipment Experts**.
- **Quality** – Good-better-best. No matter where your needs fall on that spectrum, our product offering delivers unsurpassed value that includes products in compliance with applicable American and Global safety standards.
- **On-Site Plant Services** – We can assist in a variety of on-site plant services, including prescription eyewear programs, PPE vending, respiratory fit testing, eyewash station audits, confined space safety training, **Justrite® STUD-E™ Workplace Facility Safety Surveys**, fall protection training and so much more!
- **National Accounts Programs** – Multi-plant national accounts are serviced through our proven process designed to assist with standardization of PPE across facilities while maintaining an understanding that the first "P" in PPE is for "personal."
- **Convenience** – Order how you want: Call or click to order online at www.saftgard.com.

SHOP SAF-T-GARD

Experience matters when it comes to your workers' safety and Saf-T-Gard celebrates more than 8 decades of supplying superior safety products for every industry and application!

7700 SERIES HALF-MASK REUSABLE RESPIRATOR | ITEM # 7700-30

Includes Exhalation Valve, Easily Coverts to PAPR or Supplied Air, Sizes Small, Medium, and Large.

Honeywell
NORTH

**BUY
NOW**

- Designed to provide maximum comfort, fit, and performance
- Latex-free and made from 100% medical-grade silicone
- Various thickness in sealing area for improved comfort and support
- Lower headstraps stretch and move for more comfort without pulling on the facepiece
- Upper headstraps have minimum give to provide secure support

5500 SERIES HALF-MASK REUSABLE RESPIRATOR | ITEM # 5500-30

Includes Exhalation Valve, Easily Coverts to PAPR or Supplied Air, Sizes Small, Medium, and Large.

- Elastomeric half-mask still provides many of the same features found in premium masks
- A wide contoured sealing area offers great fit and various thickness in sealing area deliver improved comfort
- The low "dead air" space limits re-breathing of exhaled air for increased comfort
- Latex-free headstraps stretch and move with the worker while providing optimum support

**BUY
NOW**

5400 SERIES FULL FACEPIECE REUSABLE RESPIRATOR | ITEM # 54001

Includes Nose Cup and Welding Attachment, Easily Coverts to PAPR or Supplied Air, Sizes Small and Medium/Large.

- Economically-priced mask delivers the best value you can find in a full facepiece
- Wide sealing area fits more facial types
- Nose cup provides less dead air space and channels exhaled breath out
- Latex-free with no natural rubber proteins which may cause an allergic reaction
- Wide panoramic lens provides optimal field of vision in all directions

**BUY
NOW**

7600 SERIES FULL FACEPIECE REUSABLE RESPIRATORS | ITEM # 7600-8A, 7600-8AW

Includes Nose Cup and Speech Diaphragm, Available with or without Welding Attachment, Easily Coverts to PAPR or Supplied Air, Sizes Small and Medium/Large.

- Wide sealing area fits more facial types
- Nose cup provides less dead air space and channels exhaled breath out
- Speech diaphragm is standard to amplify workers' conversations
- Wide panoramic lens provides optimal field of vision in all directions
- Latex-free 100% medical-grade silicone sealing area with dual flange for superior fit and comfort

**BUY
NOW**

TYPE I NON-VENTED SHORT BRIM HARD HATS

ITEM # NSB20001, NSB20002

Honeywell
NORTH®

Honeywell
FIBRE-METAL™

HDPE Shell, 4-Point Ratchet Suspension, Optional 4-Point Chin Strap, Non-Vented, Available in White and Yellow Colors with Additional Colors Available upon Request.

BUY NOW

- Adjustability features fit multiple head sizes and deliver increased comfort
- "Dual-Locking" mechanism prevents the hard hat from getting loose in normal conditions
- Resistant to temperatures from -22°F to 122°F (-30°C to +50°C)
- Class E (as per ANSI Z89.1-14)
- Certified to the requirements of the ANSI, CE/EN, CSA, and NOM standards

TYPE I VENTED SHORT BRIM HARD HATS | ITEM # NSB21001, NSB21002

HDPE Shell, 4-Point Ratchet Suspension, Optional 4-Point Chin Strap, Vented, Available in White and Yellow Colors with Additional Colors Available upon Request.

- Adjustability features fit multiple head sizes and deliver increased comfort
- "Dual-Locking" mechanism prevents the hard hat from getting loose in normal conditions
- Resistant to temperatures from -22°F to 122°F (-30°C to +50°C)
- Class C (as per ANSI Z89.1-14)
- Certified to the requirements of the ANSI, CE/EN, CSA, and NOM standards

BUY NOW

TYPE II NON-VENTED CLIMBING STYLE SAFETY HELMETS

ITEM # CSH10001, CSH10002

HDPE Shell with Sweatband, 8-Point Ratchet Suspension, Optional 4-Point Chin Strap, Non-Vented, Available in White and Yellow Colors with Additional Colors Available upon Request.

BUY NOW

- Liquid crystal polymer (LCP) yarn in suspension system disperses force transferred from the shell to the user
- Liner is embedded with non-Newtonian material for excellent off-the-crown impact-absorbing performance
- Compatible with accessories such as a welding helmet, visor, faceshield, UV shade, earmuffs, or task light
- 1-way moisture transfer and fast-dry chin strap help elevate user comfort
- Class E (as per ANSI Z89.1-14)

TYPE II VENTED CLIMBING STYLE SAFETY HELMETS | ITEM # CSH11001, CSH11002

HDPE Shell with Sweatband, 8-Point Ratchet Suspension, Optional 4-Point Chin Strap, Vented, Available in White and Yellow Colors with Additional Colors Available upon Request.

- Liquid crystal polymer (LCP) yarn in suspension system disperses force transferred from the shell to the user
- 1-way moisture transfer and fast-dry chin strap help elevate user comfort
- Compatible with accessories such as a welding helmet, visor, faceshield, UV shade, earmuffs, or task light
- Liner is embedded with non-Newtonian material for excellent off-the-crown impact-absorbing performance
- Class C (as per ANSI Z89.1-14)

H100 SAFETY HARNESSES

ITEM # H11110021, H11110022, H13110022

Vest Style with Matting or Tongue Leg Buckles and Matting Chest Buckles, Steel Back D-Ring Placement, Sizes Small/Medium and Universal.

- Meets the most common fall protection needs while focusing on value and safety
- Lightweight and comfortable with 5 points of adjustment for a custom fit
- Covered identification labels protects labels during the life of the harness
- Max weight capacity: 420 lbs.
- Meets ANSI Z359.11-2014, OSHA 1910.140, and OSHA 1926.502

BUY NOW

Honeywell
MILLER®

H700 FULL BODY CONSTRUCTION COMFORT (CC) AND INDUSTRY COMFORT (IC) SAFETY HARNESSES | ITEM # H7CC2A2, H7IC3A2

Vest Style with Tongue or Quick-Connect Leg Buckles and Quick-Connect Chest Buckles, Aluminum Back and Side D-Rings, Universal Size.

- Lightweight design offers more comfort and easier movability
- High-tech, multi-layered padding designed for enhanced shock absorption, breathability, and venting
- 1-pull trauma relief step provides a state-of-the-art solution for suspension trauma relief
- Max weight capacity: 420 lbs.
- ANSI/OSHA compliant and CSA approved

BUY NOW

H500 INDUSTRY STANDARD (IS) SAFETY HARNESSES

ITEM # H5ISP111002, H5IS311102

Vest Style with Matting or Tongue Leg Buckles and Matting Chest Buckles, Steel Back D-Ring Placement, Universal Size.

- Webbing flexes to accommodate movement and body contours for optimum comfort
- Smart anti-tangle for hassle-free donning experience
- User-friendly lanyard keepers allow users to attach lanyard when not in use
- Max weight capacity: 420 lbs.
- ANSI/OSHA compliant and CSA approved

BUY NOW

FALCON+ EDGE SELF-RETRACTING LIFELINE (SRL)

ITEM # MFS-LEP1-02/30FT

Black Color, 30' Length, Galvanized Steel/Polyester Lifeline Material, High Impact-Resistant Nylon Housing, Zinc-Plated Swivel Snap Hook Lifeline Connector and Zinc-Plated Double Lock Carabiner Unit Connector, ANSI Z359.14 Class 2.

- Provides protection for all working at height situations
- Features an integrated shock-absorber pack attached to the end of the lifeline connected to the worker
- Spring retraction tension designed not to pull or drag on a worker
- Dual swivels included on all cable models provide support and leverage
- Max weight capacity: 420 lbs.

BUY NOW

FALCON+ SELF-RETRACTING LIFELINES (SRLs)

ITEM # MFS-OGC1-02/20FT, MFS-OGC1-02/30FT

Black Color, 20' or 30' Lengths, Galvanized Steel Lifeline Material, High Impact-Resistant Nylon Housing, Zinc-Plated Swivel Snap Hook Lifeline Connector and Zinc-Plated Double Lock Carabiner Unit Connector, ANSI Z359.14 Class 1.

- Unique side payout design reduces wear on the entry guide bushing and cable for smooth operation
- Spring retraction tension designed not to pull or drag on a worker
- Corrosion-resistant stainless steel and aluminum internal components extend service life
- Dual swivels included on all cable models provide support and leverage
- Max weight capacity: 420 lbs.

**BUY
NOW**

Honeywell
MILLER®

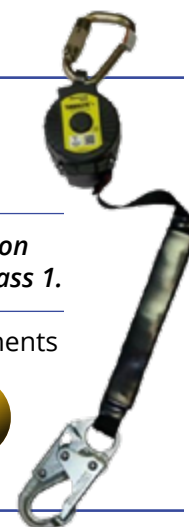

TURBOLITE+ SINGLE-LEG PERSONAL FALL LIMITERS (PFLs)

ITEM # MTL-OHW1-01/6FT, MTL-OHW1-01/11FT

Black Color, 6' and 11' Lengths, Vectran Core, Polyester Jacket Lifeline Material, High Impact-Resistant Nylon Housing, Steel Locking Snap Hook Lifeline Connector and Steel Carabiner Unit Connector, ANSI Z359.14 Class 1.

- Well-suited for workers who value mobility on the jobsite and need to reduce fall clearance requirements
- Enhanced graphics, icons, and colors on UV-resistant scratch-proof labeling
- Abrasion-resistant webbing helps provide long service life
- Integral swivel reduces lifeline twisting
- Max weight capacity: 420 lbs.

**BUY
NOW**

TURBOLITE+ TWIN-LEG PERSONAL FALL LIMITERS (PFLs)

ITEM # MTL-OHW2-21/6FT, MTL-OHW2-28/6FT

Black Color, 6' Lengths, Vectran Core, Polyester Jacket Lifeline Material, High Impact-Resistant Nylon Housing, Steel Locking Snap Hooks or Aluminum Locking Rebar Hooks Lifeline Connector and G2 Twin Unit Connector, ANSI Z359.14 Class 1.

- Well-suited for workers who value mobility on the jobsite and need to reduce fall clearance requirements
- Enhanced graphics, icons, and colors on UV-resistant scratch-proof labeling
- Abrasion-resistant webbing helps provide long service life
- Integral swivel reduces lifeline twisting
- Max weight capacity: 420 lbs.

**BUY
NOW**

TURBOLITE+ SCORPION SINGLE-LEG PERSONAL FALL LIMITERS (PFLs)

ITEM # MTL-OHS1-01/9FT, MTL-OHS1-11/9FT

Black Color, 9' Lengths, Vectran Core, Polyester Jacket Lifeline Material, High Impact-Resistant Nylon Housing, Steel Locking Snap Hook Lifeline Connector and Steel Carabiner or Steel Locking Snap Hook Unit Connector, ANSI Z359.14 Class 1.

- Offers greater mobility, safety, and versatility when compared to traditional shock-absorbing lanyards
- Can be used as a personal fall limiter or a traditional retractable lifeline
- High-strength stainless steel braking system quickly arrests free falls
- Visual load indicator notifies when the unit must be removed from service
- Max weight capacity: 420 lbs.

**BUY
NOW**

BUTYL™ 16-MIL CHEMICAL-RESISTANT GLOVES

ITEM # B-161R

Honeywell

Black Color, Butyl Material, Rolled Bead Cuff, Rough Finish, Unsupported, 11" Length, Sizes 7-9.

- Highest permeation resistance to gas and water vapor
- Highly resistant to ketones (MEK, MIBK, acetone) and esters (tricresyl phosphate, amyl acetate, ethyl acetate)
- Meets ASTM D3389-05, ASTM F1790-97, EN374, EN388, EN420, and OSHA 29 CFR 1915.157 standards
- For use in aircraft maintenance, automotive, chemical handling and processing, domestic preparedness, laboratory, and hazmat industries

BUTYL™ 13-MIL CHEMICAL-RESISTANT GLOVES | ITEM # B-131

Black Color, Butyl Material, Rolled Bead Cuff, Smooth Finish, Unsupported, 11" Length, Sizes 7-11.

- Exceptional resistance to a broad range of toxic chemicals for use in many critical applications
- Highly resistant to ketones (MEK, MIBK, acetone) and esters (tricresyl phosphate, amyl acetate, ethyl acetate)
- Multi-dip manufacturing process provides multiple layers of polymer (like a glove within a glove)
- Highest permeation resistance to gas and water vapor

NORTHFLEX-COLD GRIP™ PVC COATED INSULATED GLOVES

ITEM # NF11HD

7-Gauge Blue Nylon Outer Shell, Thermal Interior, Black PVC Palm and Full-Finger Coating, Sizes 7-11.

- Recommended for temperatures down to -15°F (-26°C)
- Foamed PVC coatings are soft, flexible, and offer abrasion resistance comparable to polyurethane
- Open surface texture clears liquids from surfaces and enables a very firm wet grip
- For use in applications where workers need protection from the cold but still require dexterity

NORTHFLEX RED™ PVC COATED GENERAL PURPOSE GLOVES

ITEM # NF11

15-Gauge Red Nylon Shell, Black Foamed PVC Palm Coating, Sizes 6-11.

- Ultra-lightweight general purpose glove that is stretchy and form fitting
- The nylon shell material helps wick away moisture and provides superior comfort
- PVC coating is soft, comfortable, and flexible yet able to withstand harsh abrasion applications
- Foamed PVC open surface texture squeezes liquids from surfaces to enable a firm wet or dry grip

CORESHIELD™ NITRILE COATED CUT-RESISTANT GLOVES | ITEM # 25-0913B

Honeywell

15-Gauge Black HPPE/Stainless Steel Shell, Black Smooth Nitrile Palm Coating, ANSI/ISEA 105-2024 Cut Level A5, ANSI/ISEA 105-2024 Abrasion Level 4, ANSI/ISEA 105-2024 Puncture Level 3, Sizes 6-11.

- CoreShield™ engineered yarn delivers comfortable, skin-friendly cut protection
- Smooth nitrile coating is liquid repellent and provides dry grip
- Longer cuffs and a reinforced thumb increase protection
- Silicone-free and touchscreen resistive and capacitive
- For use in manufacturing, automotive, metal stamping, glass handling, construction, and logistics industries

**BUY
NOW**

CORESHIELD™ MICROFOAM NITRILE COATED CUT-RESISTANT GLOVES | ITEM # 24-0513B

13-Gauge Black HPPE/Basalt Shell, Black Microfoam Nitrile Palm Coating, ANSI/ISEA 105-2024 Cut Level A4, ANSI/ISEA 105-2024 Abrasion Level 6, ANSI/ISEA 105-2024 Puncture Level 3, Sizes 6-11.

- CoreShield™ engineered yarn delivers comfortable, skin-friendly cut protection
- Microfoam nitrile coating provides 360° breathability and excellent grip
- Longer cuffs and a reinforced thumb increase protection
- Silicone-free and touchscreen resistive and capacitive
- For use in manufacturing, automotive, metal stamping, glass handling, construction, and logistics industries

NOW**

**BUY
NOW**

PERFECT FIT ANSI/ISEA 105-2024 CUT LEVEL A3 GLOVES ITEM # NPF23-0113G

13-Gauge Black/Green HPPE/Basalt Shell, Gray Polyurethane Palm Coating, ANSI/ISEA 105-2024 Cut Level A3, ANSI/ISEA 105-2024 Abrasion Level 6, ANSI/ISEA 105-2024 Puncture Level 3, Sizes 6-11.

- Lightweight, glass fiber-free, and coated with a specialty engineered polyurethane
- Polyurethane coating is designed with a low level of dimethylformamide (DMF) which protects at a higher level
- QR code on care label gives quick access to technical information
- For use in automotive, machinery and equipment, metal fabrication, warehousing and logistics, manufacturing, construction, and transportation industries

PERFECT FIT ANSI/ISEA 105-2024 CUT LEVEL A4 GLOVES ITEM # NPF24-0113G

13-Gauge Black/Green HPPE/Basalt Shell, Gray Polyurethane Palm Coating, ANSI/ISEA 105-2024 Cut Level A4, ANSI/ISEA 105-2024 Abrasion Level 6, ANSI/ISEA 105-2024 Puncture Level 3, Sizes 6-11.

- Lightweight, glass fiber-free, and coated with a specialty engineered polyurethane
- Polyurethane coating is designed with a low level of dimethylformamide (DMF) which protects at a higher level
- QR code on care label gives quick access to technical information
- For use in automotive, machinery and equipment, metal fabrication, warehousing and logistics, manufacturing, construction, and transportation industries

PROTÉGÉ SAFETY GLASSES

ITEM # S-4200HS, S-4201HS, S-4202

Available in Clear, Gray, and SCT-Reflect 50 Colors in HydroShield® Anti-Fog or Ultra-dura® Anti-Scratch Lens Coating Options.

- Accommodates a wide range of users with a secure, flexible wraparound brow
- Ultra-light design that weighs only 27.5 grams
- Soft, clear nose pads help to prevent slippage; temple tip pads provide a secure fit and impressive comfort
- Lenses offer 99.9% UV protection and meet ANSI Z87+ safety standards

Honeywell
UVEX®

AVATAR™ PLUS SAFETY GOGGLES

ITEM # AG01CLHSI, AG01CLHS

Black/Cool Gray Frame and Clear Lens with HydroShield® Anti-Fog Coating, Available with Quick-Adjust Fabric Headband or Quick-Adjust Neoprene Headband.

- Modern design and lightweight construction provide protection, performance, and comfort on the job
- Ensures fog-free vision in diverse and challenging working conditions
- Polycarbonate, toric lens and polypropylene, elastomer goggle body
- Easy and economical lens-replacement system
- Meets ANSI Z87+ safety standards

AVATAR™ PLUS SAFETY GLASSES

ITEM # AS01CLHS, AS01AMHS

Available in Amber and Clear Lens Colors in HydroShield® Anti-Fog Coating.

- Includes a contoured shape, sporty look, and comfortable feel to enhance worker well-being and productivity
- Polycarbonate lens material and polycarbonate and thermoplastic elastomer
- Flexible, textured nose, hollowed, micro-textured temples, and vented eyebrow pad
- Dielectric
- Meets ANSI Z87+ safety standards and is for use in manufacturing, construction, utilities, and oil and gas industries

HYPERSHOCK® SAFETY GLASSES

ITEM # S-2940HS, S-2941HS

Available in Clear and Gray Lens Colors in HydroShield® Anti-Fog Coating.

- Polycarbonate lens
- Lightweight, wraparound full frame, streamlined temple, soft, molded nosepiece, and temple inserts
- Ideal for indoor/outdoor use and is 100% dielectric
- Meets ANSI Z87+ safety standards

SPILL PROTECTION PALLET WITH DRAIN | ITEM # 1645

Yellow Color, 66-Gal, High Density Polyethylene (HDPE), 51 1/4" W x 51 1/4" D x 7 3/4" H, Stores up to 4 Drums, Meets SPCC and EPA Requirements.

- Protects workplaces from incidental spills
- Includes a drain and easily removable black HDPE flat top grating
- Weighs 67 lbs., with a load capacity of 8,000 lbs.
- The modular design allows for multiple configurations with other Eagle spill pallets
- Forklift pockets make it easy to relocate throughout your facility

LAB PACK/OPEN HEAD BARREL DRUM | ITEM # 1601MB

Blue Color, 30-Gal, High Density Polyethylene (HDPE), 21 1/8" D x 28 1/2" H, Metal Lever-Lock Closure, 1H2/X120/S, 1H2/Y180/S UN/DOT Rating.

- Durable and lightweight, weather-, and chemical-resistant
- Ideal for safe storage, handling, and transportation of hazardous materials, spill containment, and cleanup of hazardous materials, original shipping container, bio waste disposal, and incineration
- Use with smaller, non-damaged bottles, cans, carboys, and 5-Gal pails
- If used with leaking materials, must pack with sufficient sorbents - NO FREE LIQUIDS

- Store the keys of locked-out devices in the lock box, controlled by foreman or leader
- Lockable closure (padlocks sold separately)
- Handle for portability
- Slot style lock box has 12 slot holes on top lid, allowing workers to secure personal padlocks (sold separately)

OSHA DANGER SAFETY SIGN: HIGH VOLTAGE | ITEM # MELC113VS, MELC113VA, MELC113VP, MELC114VS, MELC114VA, MELC114VP

English, Available in 7" x 10" and 10" x 14" Sizes in Adhesive Vinyl, Aluminum, and Plastic Materials.

**BUY
NOW**

- Generalized sign warns of high voltage area
- Indicates a hazardous situation that, if not avoided, will result in death or serious injury
- Traditional OSHA-style signs, tags, and labels are the most widely recognized design format
- Place sign in areas of high voltage equipment to prevent injuries

SUPERFOAM™ ANTI-FATIGUE MAT | ITEM # T17

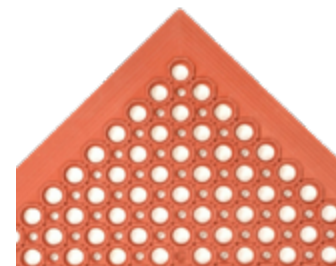

Black Color, 5/8" Thickness, Closed Cell PVC/Nitrile Foam Blend, Wet/Dry and Oily Areas, Structured Pebble Pattern Surface, Beveled Edges on All Sides, Available in 2' x 3', 3' x 3', 3' x 4', 3' x 5', 3' x 6', and 3' x 8' Sizes.

- Designed especially for ease of handling and ergonomic comfort
- Does not absorb liquids and is highly resistant to greases, oils, animal, and vegetable fats
- Solid for dry areas and perforated drainage holes remove liquid and debris for worker platform
- Non-allergenic, silicone-free compound
- For use in areas where occasional overspray and dripping occur as well as in areas where mats are regularly moved for cleaning

SANITOP® ANTI-FATIGUE DRAINAGE MATS | ITEM # 562

Black or Red Colors, 1/2" Thickness, Rubber Compound, Wet/Dry and Greasy Areas, Large Drainage Holes Surface, Molded Beveled Edges on All Sides, Available in 3' x 5', 3' x 10', and 3' x 20' Sizes.

- Made from a durable rubber compound to withstand harsh chemicals while creating a slip resistant surface
- Available in general purpose (black) and heavy-duty nitrile (red) rubber compounds
- A large and small hole drainage system channels liquid and debris away from the work area
- Molded beveled edges on all 4 sides eliminates trip hazards
- For use in wet environments in many industrial or food service applications

10-GAL SELF-CONTAINED EYEWASH STATION | ITEM # 10GFEW

Hi-Viz Orange Color, PVC, Gravity-Fed, 29 1/2" H x 18" W x 7 1/4" D.

- Suitable wherever continuous water is not available - no plumbing needed
- Supplies a continuous, controlled flow that exceeds the ANSI Z358.1 standard
- Concealed mounting bracket makes moving and relocating easy
- Simple to use with pull-down activation handle
- Easy to maintain - wide fill opening enables quick inspection, cleaning, and filling

16-GAL SELF-CONTAINED EYEWASH STATION | ITEM # 16GFEW

Green Color, PVC, Gravity-Fed, 25 3/25" H x 21 13/50" W x 11 3/10" L.

- Suitable wherever continuous water is not available - no plumbing needed
- Supplies a continuous, controlled flow that exceeds the ANSI Z358.1 standard
- Concealed mounting bracket makes moving and relocating easy
- Simple to use with pull-down activation handle
- Easy to maintain - wide fill opening enables quick inspection, cleaning, and filling

GENERAL PURPOSE UTILITY WHEEL CHOCK

ITEM # UC1500-4.5

Hi-Viz Orange Color, Single Unit for Tires up to 46" OD and Gross Vehicle Operating Weight up to 50,000 lbs., 11 1/2" L x 9" W x 8 1/2" H.

- Manufactured with durable, weather-resistant, lightweight polyurethane
- Resistant to oils, fuels, and solvents
- Recessed carrying handle
- Mounting hole for ropes or chains
- For use with over-the-road trucks, trailers, pickups, and utility vehicles

GUARD DOG® GENERAL PURPOSE CABLE PROTECTOR, 3 CHANNEL

ITEM # GD3X225-O/B

Orange/Black Color, All-Weather Polyurethane Construction, Protects Cables and Hoses Up to 2 1/4" OD, Dog-Bone® Connectors Extend to Any Desired Length, 28,420 lbs. Load Capacity Per Axle, 36" L x 20" W x 3" H.

- Protects valuable electrical cables, cords, and hose lines from damage
- Reinforced hinged lid for easy cable placement
- Patented 5-bar tread surface for maximum traction
- Modular interlocking design for easy setup
- For use in amusement parks, entertainment venues, sporting events, and most public, commercial, industrial, construction, and utility applications

PARK-IT® 6' PARKING CURB | ITEM # GNRS1610YB

Black/Yellow Color, 100% Recycled Rubber, Resistant to UV Light, Moisture, Oil, and Extreme Temperatures, Needs 4 Spikes and 4 Bolts, 72" L x 6" W x 4" H.

- Effectively stops cars from pulling into parking spots
- Resistant to tire scuffing and will not chip, crack, fade, crumble, rot, or deteriorate
- Includes in-molded, highly reflective yellow tape to ensure visibility and pedestrian safety
- Stops are pre-drilled with holes
- Flex slightly to conform to the contour of uneven surfaces and gravel

**BUY
NOW**

MUD-TRAKS® LAWN PROTECTION MAT | ITEM # N4596HD

Tan Color, Fiberglass, Diamond Tread Surface on Both Sides, Rope Handles, 35,000 lbs. or 18 Ton Load Capacity, 96" L x 45" W x 3/10" H.

- Spreads the tire load over an area 15x larger than the tire
- Includes diamond tread surface on both sides for optimal grip and forward motion of vehicles
- Does not conduct electricity, is not affected by water, chemicals, or temperature, and is easy to load, unload, store, and lift
- For use in the heavy construction, civil engineering, transmission, utilities, and oil and gas industries

**BUY
NOW**

NOVAX® LOW VOLTAGE RUBBER INSULATING GLOVES | ITEM # 150-0-11

Black Color, 11" Length, Class 0, Low-Voltage, Straight Cuff, Silicone-Free, Meets ANSI/ASTM D120 Standard, Sizes 7-12.

- Natural rubber construction offers the required dielectric properties combined with flexibility, strength, and durability
- Contoured shape reduces hand fatigue
- Individually numbered and stamped with factory manufacturing date
- For use in power generation, electrical contractor, hybrid automotive repair/service, hybrid automobile manufacturing, industrial plant maintenance, and utilities applications

Yellow Color, Serged Seams, Standard Fit Hood, Elastic Wrists, Attached Socks, Storm Flap, Sizes Medium-6XL.

- Utilizes the strength of DuPont™ Tyvek® fabric and a polyethylene coating
- Provides at least 30 minutes of protection against 42 chemical challenges
- Pin locking slider locks in place when the pins on the puller are pushed into the zipper elements

**BUY
NOW**

TYCHEM® 10000 ENCAPSULATED LEVEL A SUIT, FRONT ENTRY | ITEM # TK-554TLY

Lime Yellow Color, Double Taped Seams, Expanded Back, Front Entry, Extra-Wide, Anti-Fog, 3-Layer Faceshield: 40-Mil PVC / 5-Mil Teflon™ / 20-Mil PVC, Attached Dual Layer Gloves, Internal: Multi-Layer Laminate/External: Butyl, Attached Socks with Outer Boot Flaps, Double Storm Flap with Hook and Loop Closure, 2 Exhaust Valves, Sizes Medium-4XL.

- Provides highest level of protection from liquid splash and vapor/gas exposures for both the wearer and respiratory equipment
- Front entry design allows wearer to partially don garment (maintain standby position) without assistance, and expanded back accommodates self-contained air breathing apparatus (SCBA)
- Vapor tight zipper is extra-long to increase garment opening and aid donning and doffing
- 2 exhaust valves release higher pressure inside encapsulating garments while simultaneously helping to prevent inward leakage of external vapors or particles into the garment
- For use in industrial, hazmat, and domestic preparedness applications

**BUY
NOW**

TYCHEM® 10000 ENCAPSULATED LEVEL A SUIT, REAR ENTRY | ITEM # TK-555TLY

Lime Yellow Color, Double Taped Seams, Expanded Back, Rear Entry, Extra-Wide, Anti-Fog, 3-Layer Faceshield: 40-Mil PVC / 5-Mil Teflon™ / 20-Mil PVC, Attached Dual Layer Gloves, Internal: Multi-Layer Laminate/External: Butyl, Attached Socks with Outer Boot Flaps, Double Storm Flap with Hook and Loop Closure, 2 Exhaust Valves, Sizes Medium-4XL.

- Provides highest level of protection from liquid splash and vapor/gas exposures for both the wearer and respiratory equipment
- Rear entry design keeps closure away from direct contact with frontal chemical exposure and provides ability to change air bottle on SCBA without removing the entire garment, and expanded back accommodates self-contained air breathing apparatus (SCBA)
- Vapor tight zipper is extra-long to increase garment opening and aid donning and doffing
- 2 exhaust valves release higher pressure inside encapsulating garments while simultaneously helping to prevent inward leakage of external vapors or particles into the garment
- For use in industrial, hazmat, and domestic preparedness applications
